Successful second partner meeting in Madrid, Spain (hybrid)

The CSR-Ready consortium has concluded its second Transnational Partner Meeting that has taken place in a hybrid form on Wednesday 27.10.2021 and Thursday 28.10.2021. The meeting counted with the presence of representatives from several organisations in person, and representatives from the other partner organizations virtually. The meeting served to set the review of the first steps within the project and the outlook for the upcoming work.

During the meeting, the coordinator tvw led the rest of the consortium throughout the different Work Packages and Intellectual Outputs. The meeting was very successful and significant progress was made on reviewing the user testing results of the CSR-Ready Impact Framework and discussions on the development plans of the VET Training Package, CSR-Ready Self-Assessment and the Knowledge Platform.
